The engagement is announced of Mr. Samuel Willis, a prominent young society gentleman of near Winchester, and Miss Nellie Turney, the lovely daughter of Captain Dan Turney of Paris. The wedding will occur the latter part of October and The Lexington Leader says that Mr. Willis should be one of the happiest men, for he will obtain one of the brightest and sweetest young women in all the Bluegrass Region.

The Ninth District Republican Executive Committee has been called to meet at the Central Hotel in this city at 11:30 a. m. tomorrow, to nominate an Elector to fill the vacancy caused by the resignation of Robert Buckner of Robertson county, who is ineligible because he is County Attorney. Colonel James H. Huff of Carlisle is the Chairman, and the several County Chairmen of the District compose the Committee.

Ten thousand people visited Canton Saturday and Major McKinley delivered six speeches.

Miss Madeline Pollard arrived last week from Europe on the steamer Servia. Miss Pollard went to Europe several months ago as the companion of a well known New York woman.

The services at the County Infirmary every Monday evening under the auspices of the Y. P. S. C. E. of the Central Presbyterian Church will be changed to Sunday afternoon, beginning with next Sunday.

In the failure of the Cincinnati piano firm of Smith & Nixon first reports were to the effect that the concern was solvent by thousands of dollars, but now it is asserted that it will not pay 25 cents on the dollar.

Colonel James H. Davidson of Illinois is billed to deliver a Republican Sound Money speech at Greenup next Saturday. Arrangements are being made to run special trains, and a large crowd is expected.

Final forfeits have been placed for the row gone between Dave Flaherty of Huntington and Arthur Graham of Lexington. The fight will take place on the Ohio river above Ashland on October 1st, and the Maysville "sports" are arranging to be there. Both men are heavyweights.

Citizens are warned to look after their valuables tomorrow and tomorrow night. Don't wear your jewelry in the crowds, and be sure that your houses are not left open. There promises to be an unprecedented crowd in the city; and a crowd is always the harvest-field of the pickpocket and an incentive to the enterprising burglar.

Without any authority whatever the Cincinnati papers continue advertising a "Barbecue" here on the occasion of Mr. Bryan's visit. A Kentucky Barbecue means something. The local managers have never contemplated any such thing; and those of our guests who expect a free feast will go away disappointed, but by no fault of our local Democratic managers.

Saturday night Hon. John P. McCartney of Flemingsburg addressed one of the largest crowds that ever assembled in the Courthouse. The McKinley Clubs of the city headed by the Maysville Band, had a parade that was an exceedingly creditable showing, and Mr. McCartney made a telling argument for Sound Money and Protection and his speech was received with great applause.

Mr. Frank Dietrich favors *The Ledger* with a sample of Broad Fruit—the identical article of which the Bible speaks. It was grown at the Dietrich Nurseries in this city, and this is the first time in about ten years that the tree has borne. The fruit is exceedingly rich and has a pineapple-banana flavor. It grows very much in the shape of an ear of corn with the husk removed, and has a covering of small sections about the size of a finger nail.

KILLED AT VANCEBURG.

The Mangled Remains of David Rogers Discovered Yesterday.

Early yesterday morning the mangled remains of David Rogers were found on the C. and O. track at Vanceburg.

Rogers had been drinking Saturday night, and it is supposed, like a drunken man generally does, he sought the railway track for a snooze, and that a freight train had run over him.

Deceased was married but had no children.

Speaker Reed will decide whether or not Bryan may speak from the Capitol steps.

Bourke Cockran spoke Saturday to two immense audiences at Chicago. There were 40,000 applications for tickets to the Auditorium.

ANOTHER CUTTING.

Jinks Stockdale Charged With Carrying James Hunt.

Another! And there are others! About 3 o'clock Sunday morning Jinks Stockdale and James Hunt got into a wrangle at Second and Short streets.

When Stockdale is said to have cut Hunt with a knife.

The wounds consist of a long gash in the side, a rip across the arm and a stab in the same member.

Both parties had been looking upon the wise when it was red headed.

Hunt's wounds are not considered dangerous.

SOME OF THE FINEST.

Extra Policemen Who Will Help Preserve Order Tomorrow.

In anticipation of the great throng that will be in the city tomorrow, Chief Ort, "by and with the advice and consent of the Mayor," has appointed the following extra Policemen:

Phillip Flat, R. P. Thompson, William A. Tolle, J. W. Cunningham, Wilson Miller, Thomas Proctor, William Shepard, G. W. Barker, C. C. Bradley, Waldo Hamilton, William Evans, William H. Davis. In addition to these, Chief Ort went this morning to Cincinnati to confer with Chief Deitch of that city and secure the services of a couple of the best detectives.

SLASHED SALLIE SCOTT.

Mollie Yates Uses a Knife With Very Bloody Results.

Well, Wasn't there yelling! The entire neighborhood surrounding the intersection of Second street and Grave alley was aroused about 8 o'clock Saturday evening by a series of ear-splitting yells that would have made a Comanche Indian green with envy.

Mollie Yates and Sallie Scott had mutually grown jealous, and they had met in battle array.

The war of words soon resolved into more practical hostilities, and during the engagement a sixteen year-old daughter of Sallie's broke into the fight.

Some say she only withdrew after receiving a bloody nose and a cut on the head.

But when Officer Bland arrived, attracted by the piercing yells of the belliceres, and succeeded in separating the parties, it was found that Sallie Scott had received a frightful gash across the face, indicated by a sharp instrument.

Her injury, however, is not dangerous. A hearing was set in the Police Court for 9 o'clock this morning.

CONVEYING THE CANDIDATE.

Transfer of Mr. Bryan From the Station to the Stand.

Mr. Bryan will reach this city by the L. and N. about 7 o'clock tomorrow evening.

The present arrangement is to convey him and his party to the stand in carriages.

There will be an almost impenetrable mass of people along the route and about the stand.

It is highly dangerous to drive horses through a crowd, for if they become unruly some one will be hurt.

The *LEDGER* does hope that the reception and entertainment of our distinguished visitor will not be attended by casualty of any sort, and it therefore offers this suggestion:

Have enough motor cars at the Station to convey the party to the stand.

Let them proceed slowly.

People can press back from them by pushing against with their hands.

They will not "rear up" and descend on some poor fellow.

And when the stand is reached Mr. Bryan and his party can step from the car to the platform.

Better this than accident.

Our Watch Hospital

is always open. A watch must keep time as a train must keep the track. If your watch don't keep time bring it here and we will make it right to smallest part of a second. When a watch leaves our hospital to renew its duel with Time its seconds must be reliable, and we make them so in every case. When a watch runs even with time it's ahead. Ours are—so are our Clocks and entire stock of Jewelry, Silverware, &c.,—ahead of competition.

TWO GAMES TOMORROW.

The Maysvilles and Chester Parks of Cincinnati.

The Maysvilles will have for their opponents tomorrow morning and afternoon the Chester Parks of Cincinnati.

This is a strong team, to which Johnny Heleman and Sammy Lever, both old Maysville players, belong.

Sammy will probably pitch the afternoon game.

The Lexington and Frankfort teams played a ten-ten game Thursday, resulting in a score of 6 to 6, and had to be drawn on account of darkness.

Johnny Heleman may well be styled the "Globe Trotter." He is now playing with the Portsmouth Hobos.

It is said that whenever anyone starts whistling "Whas May Have Seen Better Days" within earshot of any of the Cincinnati team the police have to interfere to prevent a homicide.

PUBLIC SPEAKING.

Appointments For Republican Meetings During the Coming Week.

Judge M. C. Hutchins will speak at Bridgeville, Bracken county, Monday night, when a McKinley and Hubert Club will be organized.

WILL SUGGEST THIS TIME.

Another Soldiers Home Will Probably Be Built in Kentucky.

Some years ago the G. A. R. and a number of patriotic citizens subscribed toward the founding of a Soldiers Home in Kentucky.

A large fund was raised and the Home started near Louisville, the late General Speed S. Fry being Manager.

In a short time the funds gave out and the enterprise collapsed.

It is now highly probable, however, that a Soldiers Home will be erected near Hodgenville, on the farm where President Lincoln first saw the light of day, and that it will be a success.

Congressman Lewis introduced a bill in the last Congress providing for an appropriation to build the Home, but the act is still in the hands of the Committee.

During the recent National Encampment at St. Paul, the G. A. R., through the efforts of General E. H. Hobson, the well known "two-war" veteran of this state, passed a resolution instructing every Grand Army Post in the United States to use its influence with their District Congressmen to have the bill passed.

DIED AT WEST UNION, O.

A Former Maysville Lady Passed Away Last Wednesday.

Mrs. Nannie Lockhart Calvert, aged about 55 years, died last Wednesday morning of typhoid fever at her home in West Union, O.

She was the wife of Mr. Isaac Calvert, formerly of this city, with his family having moved to West Union from this city last February.

Mrs. Calvert, while in this city, with her smiling face and cheerful disposition, won the hearts of many, who will be pained to learn of her death.

She leaves a husband and two daughters—Misses Lucile and Carolyn,—both of whom are grown.

Her remains were interred at West Union Thursday.

A SLIGHT DISCREPANCY

Between a Free Silver Reporter and a Conservative Merchant.

The following letter, received from Mr. S. I. Dodd, a prominent merchant of Burlington, shows quite a difference in the attendance at the Popocratic meeting at that place from that sent out to Cincinnati papers. The report stated that there were 700 present, to which Mr. Dodd respectfully dissents. However, here is the letter:

BURTONVILLE, LEWIS COUNTY, Ky., September 11th, 1896.

Editor *Ledger*: Last night, after an extensive advertisement by handbills, the Silver Democrats collected about 150 voters at this place. They were addressed by Mr. Joe A. Parker of Louisville, who said a little piece. Some blithered their hands, some their consciences and went home. So much for Burtonville.

S. I. DODD

When any part of the body isn't doing the work that nature intended it to do, it puts the whole system out of tune—out of harmony. Sickens in one part of the body is likely to run into all parts of the body. When children stand a row of bricks on end, they knock the whole row down by upsetting one brick. That is exactly what happens to the health when the bowels fail to perform their proper function. Constipation makes trouble all along the line—puts the liver out of order, it has for the whole system out of tune—out of harmony. The body poisons matter, and because it cannot go any place else, it gets into the blood. The blood is then poisoned, and the blood makes sluggishness, lassitude, bad breath and foul taste in the mouth, fills the stomach with gas and causes belching, tooth decay, pain in the stomach, causes sour stomach, heartburn and headache. You can avoid all such trouble, for Dr. Pierce's Pleasant-Purifier cleans and purifies the blood and the system.

Send 10c in United States stamps to Dr. J. C. Pierce, Buffalo, N. Y., for his "Medical Adviser." It is a book of 100 pages, profusely illustrated.

INTO THE CREEK

An Accommodation Train Goes Through a Bridge.

Four Persons Killed Outright and a Number Seriously Injured.

The Accident Was Caused by the Collapse of the Bridge Spanning the Mouth of the River.

BRIDGE, Cal., Sept. 14.—By the collapse of a bridge on the Arcata and Mad River railroad near this city Sunday afternoon, an accommodation train was precipitated into the bed of the creek below, four persons were killed outright and a number of others seriously wounded, some of whom will die.

The dead are: Alexander Cameron, brakeman; Miss Anna Holland, of Riverside; Miss Kirkham; of unknown child.

The injured—David Wood, Glendale, badly injured and can not survive; Mrs. David Wood, wife of the above, both legs broken and internally injured; the two little children of Mr. David Wood, badly crushed and bruised; Geo. Burke, engineer, severely injured and badly bruised; Charles Burke, fireman, badly burned; Harvey Sammons, conductor, fatally injured; Mrs. Kate Minor, arm and leg broken; Annie Vinters, face cut and leg broken; Mr. Vinters, internally injured; Daniel Mahoney, dangerously injured; the children of Daniel Mahoney, seriously injured; an unknown Italian woman, unconscious and will die.

Details of the accident are difficult to obtain, there being no telegraphic communication with the scene nearer than Eureka.

As far as known, the accident was caused by the collapse of a bridge spanning Mad River, about five miles from town. The accommodation train, which leaves Arcata at 4:30 o'clock in the afternoon consisted of two coaches, one box car and engine, and carried about 100 passengers. Shortly after 4 o'clock a telephone message was received stating that the train had been derailed at Mad River bridge and was a total wreck on the river bed. A relief train with doctors, nurses, medical supplies, etc., was immediately dispatched from Arcata to the scene.

The three cars and engine were found lying beneath the bridge, a mass of splinters. The wounded had managed to drag themselves from the debris, and were nursing their cuts by the waterside.

Buried beneath the wreckage were found the bodies of Miss Holland, Miss Kirkham and Mr. Cameron. The unknown child was alive when found, but died a few minutes later.

The injured were carried up a steep bank with great difficulty, and it was nearly 10 o'clock when the relief train started on the river bed. A relief train bearing the dead and wounded. The train was met at Arcata by the entire population of the town, and a funeral service was enacted for the dead and injured were claimed by friends and relatives.

The bridge that collapsed is several hundred feet in length.

BATTLESHIP INDIANA.

The Presentation of the Silver Service From the People of Indiana to Take Place September 21.

INDIANAPOLIS, Ind., Sept. 13.—The executive committee of the Indiana battleship fund has completed arrangements for the presentation of the silver service given by the people of the state to the battleship Indiana. The ceremony will take place at Tompkinsville, Staten Island, at 10 o'clock Sunday afternoon, September 21. The presentation will be made by Gov. Matthews, chairman of the executive committee, and it is expected that a speech will be made by ex-President Harrison, under whose administration the battleship was named. The invitations to be present were confined to the members of the general state committee of 35 and the governor's staff.

OIL WORKS.

At Trainer, Pa., Destroyed by Fire—Loss \$100,000.

CHERRY, Pa., Sept. 14.—The Delaware oil works, at Trainer, Pa., owned by Hiram E. Lutz of Philadelphia, were destroyed by fire early Saturday, involving a loss estimated at \$100,000. The loss is partly covered by insurance and the plant will be rebuilt. The fire originated in the shipping sheds and spread rapidly over the works. The flames destroyed in addition to the buildings, 3,500 barrels of oil, 500 barrels of paraffine wax, two tons of kerosene, six tanks of 500 barrels capacity each, and which were filled with oil and engines, boilers, dynamos and other machinery.

Adm. Calme-Seymour's Successor.

LONDON, Sept. 14.—Vice Adm. Sir John O'Donnell has been appointed to the command of the Mediterranean squadron in room of Adm. Sir Michael Calme-Seymour, who has reached the limit of age which compels him to resign. Adm. O'Donnell was in 1892 naval commander-in-chief on the North Atlantic and West India station. The Mediterranean squadron is under orders to rendezvous at Sicily next month, which orders are due to the change in the British policy regarding the Tunis question.

The Campaign in Maine.

PORTLAND, Me., Sept. 14.—The campaign which closed in this state Saturday night has been the most active known for years on the Maine coast. There was a speaking campaign almost entirely and not a settlement of any size from end of Maine to the other has been neglected.

The audience to Archbishop Martinelli, Rome, Sept. 14.—The pope has given a farewell audience to Archbishop Martinelli, the new papal delegate to the United States.

PALMER AND BUCKNER.

Notified of Their Nomination by the Gold Democratic-Cleveland and Cattellite Gold Silver Democratic Party.

LOUISVILLE, Ky., Sept. 14.—The Gold Democrats held their notification meeting in the Auditorium, this city, Saturday night. Gen. John M. Palmer, of Illinois, and Gen. S. B. Buckner, of Kentucky, were formally notified by Senator Donaldson Caffrey, of Louisiana, and Col. John H. Fellows, of New York, that they had been selected to lead the gold Democrats.

"I regret that I can not accept your invitation to attend this notification meeting on Saturday evening. As a democrat, devoted to the principles and integrity of our party, I would be delighted to be present on an occasion so significant, and to mingle with those who are determined that the voice of the true democracy shall not be stifled, and who insist that its glorious standard shall be borne aloft as of old in faithful hands."

This was the way wired from Huzzard's day to the Palmer-Buckner notification meeting by President Cleveland, and read by Hon. W. D. Bryman. Mr. Bryman had a number of telegrams, and when he picked up the last and read the date line, "Huzzard's day," he said: "I have just heard all over Louisville. No need to tell who sent that telegram."

A few on the inside knew that Mr. Cleveland had the last moment broken silence and given his adhesion to the cause of the Palmer and Buckner ticket, but so closely has Mr. Bryman guarded his previous message that not more than half a dozen knew its precious contents, and as he read line after line, was so punctuated by applause that half of it was lost to the audience, but they knew it was from Grover, and that they could read it in print, and for the moment this satisfied them. When Mr. Bryman read the signature, "Grover Cleveland," the audience rose and cheered and yelling, and they kept it up for nearly ten minutes, waving it up with three cheers for the president.

When Senator Palmer was shown the message Sunday afternoon he remarked: "Imagine some of the federal office holders will give heed to this."

While the president's message absorbed the most attention, the following from Secretary Carlisle's pen came in for its share of comment:

WASHINGTON, Sept. 13.—To Hon. W. Bryman, Louisville, Ky.: "Your telegram inviting me to attend the meeting at Louisville today has been forwarded to me. I am glad to hear of it, and I regret my inability to accept. The conservative and patriotic declarations of the Indianapolis convention on the public question involved in the pending contest and the high character of its nominees can not fail to arouse the real democratic sentiment of the country and command the hearty support of all who sincerely believe in the preservation of our liberties, the maintenance of the stability and value of the currency used by our people. I am proud to take my stand with you, and I am glad to hear of your refusal to abandon your honest convictions in order to form unnatural alliances with politicians whose calculations, whose purposes are dangerous to the country and wholly inconsistent with the fundamental principles of our government, and your associates such support and assistance as I can properly give during the campaign." J. G. CARLISLE.

COAST DEFENSE.

Bids to Be Opened for Three New Sea-Going Coastal Battle Ships.

WASHINGTON, Sept. 14.—On Monday, Sept. 14, bids will be opened at the navy department for three powerful sea-going coastal battle ships, for which congress provided by act of June 10 last, limiting the cost, exclusive of armament, to not more than \$1,700,000. One of the vessels is to be built on the Pacific coast, provided a reasonable number of congressmen and congressmen stipulated that the award be made and contracts signed by October 8. Five firms have taken a remarkable interest in the plans for the vessels. The vessels are a combination of the best features of the Iowa and Kearsarge types, modified by such advances and improvements as experience has suggested in the past few years.

The vessels will be 385 feet in length on water line, 73 feet 3 inches extreme beam, have a normal displacement of 12,000 tons, 10,000 indicated horsepower and an estimated speed of 16 knots. A coal supply of 800 tons is provided for, with a total bunker capacity of 10,000 tons. The main battery consists of four 13-inch and six 6-inch rapid fire breech-loading guns, and four one-pounder rapid fire guns, four machine guns and four 3-inch anti-aircraft guns. No premiums are offered for increased speed, but a penalty at the rate of \$5,000 a quarter knot is imposed for the first half knot below the maximum requirements of 16 knots.

It is proposed to christen these ships California, Alabama and Pennsylvania.

Dynamite Daily in Dublin.

DUBLIN, Sept. 14.—A number of persons, including John Redmond, M. P., and Timothy Harrington, M. P., Sunday assembled at the railway station to receive the body of an Englishman who was released a short time ago from Portland prison. A procession was formed which marched to the city of Dublin, where a large number of persons were gathered to see the body.

Armenians Murdered by Wholesale.

LONDON, Sept. 14.—The Plymouth Mercury claims to have reliable information that a massacre of the Armenians remaining in Constantinople is fixed to occur in ten days or so. It says that American consuls have reported that there have been wholesale murders of the Armenians by the Turks, and that the ships on which they were sent out of the country have been sunk, and the victims were shot into the water and drowned in batches.

Financial Situation in New Orleans.

WASHINGTON, Sept. 14.—Acting clearing agent for New York on the Cunard line, Lucania was dynamite ship head, who was recently released from Portland prison, after serving 12 years of a life sentence. His friends have subscribed an amount of money sufficient to start him in business in the United States.

NEGRO MOB

Of Several Hundred Marching on the Town of Blythe, Ga.

The Handful of White Men Await Them With Some Fear.

But Will Make a Firm Stand—Sheriff O'Connor, With Deputy Sheriffs, Leave Augusta for Blythe—The Cause of the Trouble a Negro's Wrongdoing.

AUGUSTA, Ga., Sept. 14.—A special to the Chronicle, from Blythe, this county, 22 miles from here, says: "Blythe is in a state of great excitement. Several hundred Negroes, armed, are supposed to be moving toward here, and the handful of white men are awaiting them, not, however, without some fear, though they are fearless and will make a firm stand. If there is to be trouble it will be some time later than this, as it is not feared that the mob of Negroes will come before midnight. "All day the whites here have been waiting with guns and revolvers near the railroad station, and the sheriff O'Connor with Deputy Sheriffs D'Antigne and Pritchard and a posse of ten men left Augusta Sunday afternoon and arrived at Blythe at eight o'clock. The cause of the trouble is the shooting of a Negro, Steven Iland, by M. A. Clark, for which the Negroes threaten to massacre several white men at the station."

AN AGREEMENT.

Between the Southern Pacific Railway Co. and the North German Lloyd Steamship Co.

SAN FRANCISCO, Sept. 14.—The Call Sunday morning states that the Southern Pacific Railway Co. and the North German Lloyd Steamship Co. have entered into an agreement whereby the latter will establish a line of steamers to ply between Bremen and Galveston as feeders to the Sunset route. The Hamburg-American Co. will also enter into this competition with Hamburg in its European service. The fare from Bremen to New York is \$34 and from Hamburg to New York \$31.50. The same rates will be charged from these European ports to Galveston. It will thus be seen that passengers traveling via Galveston will be enabled to save the difference between the fare from New York to San Francisco and that from Galveston to San Francisco, which amounts to \$10.75 by way of Norfolk, Va., and \$11.75 all rail.

Opposition to the plan of the Southern Pacific has already developed among the roads of the Western Passenger association who claim that passengers should not be taken by the steamship people far from Galveston.

The first steamer of the new line, the Halcyon, will leave Bremen for Galveston direct on September 30, and the Clefield is scheduled to follow one month later.

POPULAR FETE.

Held in Honor of Dr. Hansen in Castle Square, Christiania.

CHRISTIANIA, Sept. 14.—A great popular fete in honor of Dr. Hansen, the Arctic explorer, was held Sunday in Castle Square, Christiania. The well-known Norwegian novelist and dramatic poet, made a speech extolling Dr. Hansen for his scientific work and his discoveries. The latter in reply lauded the Norwegians, who he said, stood together in times of difficulties, and he commended the people, and pulled better together when great occasions demanded united effort.

Dr. Hansen was greeted with enthusiastic cheers, which were repeated at the conclusion of his speech.

EMBARRASSED.

The Lincoln Water, Light and Power Co. Confesses Judgment for \$21,000.

LINCOLN, Ill., Sept. 14.—The Lincoln Water, Light and Power Co., operators of the local water works, gas and electric light plant owned by F. M. Miller and A. H. Goodie, had been sued against it Saturday judgment by confession for \$21,000. The plants are valued at \$400,000, and are encumbered by indebtedness of \$210,000 and floating bills for \$50,000. Scarcity of money and inability to procure loans led to the embarrassment. The gas plant was surrendered to Judge Foley to secure a claim of \$40,000.

Armenians Murdered by Wholesale.

LONDON, Sept. 14.—The Plymouth Mercury claims to have reliable information that a massacre of the Armenians remaining in Constantinople is fixed to occur in ten days or so. It says that American consuls have reported that there have been wholesale murders of the Armenians by the Turks, and that the ships on which they were sent out of the country have been sunk, and the victims were shot into the water and drowned in batches.
